

FOR IMMEDIATE RELEASE

GCX Corporation hires medical technology industry veteran Renkl in Germany

PETALUMA, Calif. (Oct. 31, 2011) – GCX Corporation, the worldwide leader in medical instrument and IT mounting solutions, has added Helmut Renkl in Germany to its sales management team for the EMEA Region.

Renkl joins GCX with nearly nine years' experience in medical device and health care IT mounting.

Previously, Renkl worked in the field of scientific laboratory equipment as a service engineer for M. Braun GmbH in Garching, near Munich, Germany. He also spent nearly a decade at noted research institution the Max Planck Institute for Plasma Physics (IPP) in Garching.

Renkl attended the Technical College for Mechanical Engineering, Munich (*Techniker Schule Muenchen*), and holds the designations of State-licensed Technician in Mechanical Engineering (*Staatl. Gepruefter Maschinenbautechniker*) and Master Craftsperson in the Trade of Mechanical Engineering (*Maschinenbautechniker Meister*).

Renkl is the second GCX hire in Germany in 2011; Klaus Sturm serves as regional manager for the DACH countries. GCX this year marks its 40th anniversary of delivering instrument mounting solutions – including wall mounts, roll stands, ceiling mounts, countertop mounts, pole mounts and a variety of mounting accessories – to the health care industry.

“Helmut is a valuable addition for GCX in the EMEA region,” said Brad Cohen, Business Unit Manager - EMEA. “He has a thorough knowledge of local market demands for medical device and IT mounting solutions, from the day-to-day clinical health care environment to the technical standards for medical devices in Europe.”

GCX serves the EMEA region from its branch office in Tilburg, the Netherlands.

###

[About GCX Corporation](#)

GCX Corporation has been serving the health care industry since 1971, providing medical instrument and IT mounting solutions. Products are developed exclusively for the health care field and are marketed directly to hospitals. GCX also has custom product development relationships with Original Equipment Manufacturers. Major product lines include wall mounts, roll stands, ceiling mounts, countertop mounts, pole mounts and more, along with a variety of mounting accessories. GCX mounting solutions feature space-saving, ergonomic designs to improve both equipment and patient access.
